Madani Girls School Ofsted Inspection Report Letter – 19th September 2017

Please find attached herewith the school inspection report letter detailing the findings of the short inspection on 19th September 2017. I am delighted to be able to finally share with you that through the grace of the Almighty, Madani Girls School continues to be good, with many areas of excellence. This is an immense achievement given the increased expectations from the inspectorate since the last inspection.

At the start of the term, I outlined my vision and our commitment to you to provide world-class education & care that enables your child to reach their personal excellence, with a moral purpose framed on our ethos and to equip them with the skills, identity and values to contribute to British society and the world positively.

Whilst I feel the report attached speaks for itself, you will find that each aspect of the vision above is captured in detail positively and I'm certain that you will enjoy reading the report letter in full.

In summary, the report letter captures the essence of the school in saying 'we're here to learn' as an Honest, Excellent, Accountable, Respectful and Tolerant learning community and my sincere belief that we truly are on the 'verge of something amazing'. I would like to take this opportunity to express my deep gratitude to the entire school community including parents, staff, Governors, and Trustees who have contributed to this glowing affirmation of the excellence that occurs each day at Madani Girls School.

Walaykum salaam | Yours sincerely,
