22nd December 2015

Dear Mr Sheikh,

Thank you very much for sending some students and staff to our recent Living Well Together conference.

The day was a great success and we were delighted that Lord Nash was able to come and hear feedback from delegates and engage with the thinking. He even commented favourably on it in the House of Lords last week.

Your students, Yusuf Ansari, Mohammed Omer, Mohammed Sabet, and Usama Karatella were a tribute to the school and made an excellent contribution to the day. Usama took part in the voxpops filming - he was a little reluctant initially, but then did really well and did himself very proud with an excellent interview. Thanks too for sending their teacher, Riyaz Laher.

I hope that we will be able to circulate a short summary and 3 minute video of the day early in the new year, but in the meantime, please pass on my thanks to them all.

Yours Sincerely,

Rev'd Nigel Genders
Chief Education Officer
