Y9	<p>Area of study: Wealth Distribution and Development</p> <p>Key concepts: Human geography: map and graph skills</p> <p>Assessment method: Exam</p>	<p>Area of study: Natural Resources</p> <p>Key concepts: Human geography: case study, cause and effect</p> <p>Assessment method: Exam</p>	<p>Area of study: Russia</p> <p>Key concepts: Human geography – case study – development and resources</p> <p>Assessment method: Exam</p>	<p>Area of study: Resource Distribution and Conflict</p> <p>Key concepts: Human geography – Case study</p> <p>Assessment method: Group project</p>	<p>Area of study: Evington Field Study / Tectonic Hazards</p> <p>Key concepts: Physical geography: map skills and case studies</p> <p>Assessment method: Exam</p>	<p>Area of study: Natural Hazards</p> <p>Key concepts: Physical geography</p> <p>Assessment method: GCSE questions</p>
Y10	<p>Area of study: Natural Hazards</p> <p>Key concepts: Physical Geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Resource Management</p> <p>Key concepts: Physical geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Economic World</p> <p>Key concepts: Human geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Economic World</p> <p>Key concepts: Human geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Living World</p> <p>Key concepts: Physical geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Urban Challenges</p> <p>Key concepts: Human geography</p> <p>Assessment method: GCSE exam questions</p>
Y11	<p>Area of study: Urban Challenges</p> <p>Key concepts: Human geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Field Study / Living World</p> <p>Key concepts: Physical geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Coasts and Rivers – Field Study II</p> <p>Key concepts: Physical geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Coasts and Rivers – Issue Evaluation</p> <p>Key concepts: Physical geography</p> <p>Assessment method: GCSE exam questions</p>	<p>Area of study: Revision</p> <p>Key concepts</p> <p>Assessment method: GCSE exam questions</p>	

NOTES	AREAS OF STUDY	KEY CONCEPTS	ASSESSMENT METHOD
	<p>A variety of human and physical topics are studied in each year and key concepts are returned to at regular intervals (eg population change, development, etc)</p>	<p>All geography skills are distributed throughout both physical and human geography topics. Case studies are included at regular intervals.</p>	<p>A variety of methods are used at KS3 with GCSE exam style questions introduced at Year 9 and used for assessment at KS4</p>
